Professional Strengths:

- I have 35 years of service in the Government duly discharged with highest level of ethics and Integrity contemplated of the Indian Administrative Services.
- My experience spreads across sectors such as Revenue administration, Public sector management, Health and water supply, Rural Development, Transport, Education, Agriculture, Labor and Employment and Welfare.
- Demonstrated Transformational leadership with my ability to quickly understand and conceptualize the contexts and deploy innovative practices to evolve right strategies, frameworks and plans to achieve the organization goals.
- Innovation is my driving competence to critically examine the entire system and activities in any organization I was engaged in. As a consequence, I ensure that the system improvements, turn around, coupled with conducive organization culture driven by best HR management practices, enhanced productivity, right quality and customer satisfaction are achieved.
- Subsequent to my tenure with the government, I am engaged in sharing my experience and expertise to contribute to the growth of Renault Nissan Automotive India Private Ltd and Food Corporation of India.

Personal Strength

- Organization is a group of people who come together as a team and work towards meeting the organization's vision, mission, goals and objectives. In this context, I believe that every human involved is full of enormous possibilities, however, essentially it demands a humane approach from the leader to tap those enormous possibilities for positive contribution to the organization. I try and ensure the same keeping in view my philosophy that a good leader is one who believes in humane approach with a great sense of responsibility to the environment and the society I live in.

(The above information is true to the best of my knowledge and ability)
